Dance TV is a live theatrical experience that takes you behind the scenes of a fictional hit television show. The audience serves as the live studio audience and is immersed in both the on-camera action & off-camera chaos. Written and developed by all local artists, *Dance TV* is filled with a hilarious script, all original music, 15 production numbers, an outstanding cast, and of course...amazing dancing.

Dance TV's mission is to create the most infectiously joyful experience possible for our audiences. And ...

From the feedback we received from our most recent production, we did pretty well on our mission.
